—An umbrella has been left at this office for an owner.

—Wisconsin Lodge No. 14, I. O. O. F., occupy Odd Fellows hall this evening.

—Mr. Leavitt Field, of Elfield Bros., left to-day for a few days among the lumber districts.

—L. F. McLean is in the city registered at the Grand. He is engaged in business at the court house.

—What is an alibi? It is a lie by which the prisoner escapes conviction, replies the estate jurist.

—Mr. Chas. H. Thackwood, of this city, has just received a patent from Washington on a device for converting motion.

—Mrs. Ed. J. Samuels will leave to-morrow morning for New York, Boston and other eastern points on an extended visit to relatives and friends.

—Excursion tickets to Clear Lake, Iowa, and return, \$12.15, on sale commencing August 21st, extending to October 1st, via C. & M. St. Paul Ry.

—Sergeant General Palmer, who accompanied Gen. Rusk and staff to New York last week to attend the funeral of General Grant, returned home last night.

—Misses May and Nellie Stafford, of Chicago, are enjoying themselves in Janesville, as guests of Miss Fannie Van Kirk, third ward.

—Mr. F. North, for many years a resident of Johnston, this county, but now of Monroe, was in the city to-day and made a pleasant visit to the Gazette office.

—Mr. John McCallough, of the Gazette force, left this noon for a week's vacation to be spent along the shore of Lake Michigan. He was accompanied on his trip by his wife.

—Several Janesville firemen went to Edgerton this afternoon to witness a test of a LaFrance steam fire engine in a race.

—They went in carriages and will return home this evening.

—Mr. H. J. Bliss, of South Adams, Mass., who has for several days been the guest of Mr. C. Bailey, departed via the C. & M. St. P. Ry. this morning on a trip through Iowa and Minnesota.

—The Rev. H. J. Cook, rector of St. Mark's church, Coldwater, Michigan, arrived in town to-day, and as the guest of the Rev. J. F. Conover, D. D. He will remain here several days.

—Mr. Frank E. Hayner, who is in the law office of Lyman Trumbull, Chicago, and who has been visiting for a few days with Mr. and Mrs. Silas Hayner, of this city, started on his return trip this afternoon.

—Mr. Henry K. Cohn, corresponding secretary of the Green county agricultural society, was in the city to-day, looking after the interest of that society and the fair which will be held at Monroe, September 10-12th.

—Mr. J. S. Clark has been appointed the local agent in this city for the annual mutual benefit association, of Galesburg, Ill., which makes a specialty of insurances among Old Fellows. Mr. Clark will make a good local representative of this excellent company.

—Seventeen head of fine Clydesdale horses arrived in the city this morning direct from Scotland, imported by the Galbraith Bros. The animals are all in very good condition considering the long sea voyage, and in a few days will be in condition for lovers of fine animals to inspect.

—Messrs. Drace & Laskowski lost a horse this morning. The animal was used in a grocery wagon, and while hitched in front of a residence on Glen street, second ward, about ten o'clock, was taken sick. Increasing Interest in the Convention now in Session, Large Numbers in Attendance.

To-day's Session Largely Occupied in Reports From Officers.

The Exhibit at Apollo Hall Last Evening a Grand Success.

The State Pharmaceutical association have reason to congratulate themselves on the success which attends the convention now in session. Every incoming train brings a new arrival of delegates and much interest is developed as the convention progresses.

Apollo hall was crowded last evening with as fine an audience of Janesville ladies as ever assembled in the Bower city. Every one was delighted with the exhibit and the exhibitors were delighted with the enthusiastic audience. In the afternoon session, after that which was given in last evening's Gazette, the following gentlemen were taken into membership: A. E. Bonville, Medford, and W. F. Dohm, Milwaukee. This morning the convention came to order at 10 a. m., and continued in session until noon, though no business was done other than to listen to papers on technical subjects. These, while occupying too much space for publication were of great interest to the association, and showed much research.

This afternoon a report from the Board of Pharmacy was read, the same as here given:

Secretary Heimstroet read the following report of the state board of pharmacy:

FOURTH ANNUAL REPORT OF THE BOARD OF PHARMACY.

To the Officers and Members of the Wisconsin Pharmaceutical Association:

GENTLEMEN:—I have the pleasure of submitting to you the fourth annual report of the Board of Pharmacy as per section 6 of the pharmacy law.

August 4, 1884. Meeting at Madison. 25 applicants for examination. 12 passed as licentiates, 5 minor, 3 rejected. Three certificates as graduates and one as minor. Expense of meeting, \$147.05.

October 29-30, 1884. Meeting at Milwaukee. 10 applicants, 7 passed as licentiates, one as minor, 2 rejected. 5 graduates and one minor granted without examination. Expense of meeting, \$128.35.

January 27-29, 1885. Meeting at La Crosse. 14 applicants, 6 licentiates and 2 minor granted by examination, 6 rejected, 3 graduate and 4 minor certificates granted without examination. Expense of meeting, \$176.65.

April 14-16, 1885. Meeting at Madison. 32 applicants, passed 21 licentiates and 2 minors. 3 rejected. 3 graduates and 2 minor certificates granted without examination.

At this meeting A. Conrath, of Milwaukee, was elected president, and E. B. Heimstroet, of Janesville, secretary, for the ensuing year. The salary of secretary was fixed at \$300, and his bond at \$2000. The fee for renewals was fixed the same as past three years, \$1 for graduates, licentiates and minors, and 50 cents for assistants. Expense of meeting, \$194.45.

June 9-11, 1885. Meeting at Eau Claire. 11 applicants, 5 passed as licentiates and 2 minor, 4 rejected. 2 graduates and 3 minors received certificates without examination. Expense of meeting, \$206.90.

Number of meetings this year, 5. Applications for examination, 92. Passed as licentiates, 51; as minor, 12; rejected, 29.

During the year certificates have been granted (without examination) as follows: Graduates, 10; minors, 11; registered, none.

41 registered, 9 minors, and 63 assistants have gone out of the business, or left the state.

10 registered and 3 assistants have died since last report.

43 registered, 7 minor, and 13 assistants, have been dropped from the list, not having paid renewals, and letters to them having been returned unopened.

The names of three pharmacists nominated by the association at the last meeting, viz.: John A. David, Milwaukee, F. Robinson, Kewaunee, and J. C. Huber, Fond du Lac, were sent to the governor in September, 1884, for the purpose of his appointing one to fill the vacancy occurring in the board by the time of F. Robinson's expiration April 13, 1885.

In April, 1885, F. Robinson presented his papers of reappointment for five years, dating from April 13th, 1885. Quite a number of complaints have been made during the year and settled. One case coming to trial.

PEOPLE VS. J. T. B. THOMAS. March 19th, 1885. Before Pettibone J. P., Juneau, Wis.

Defendant not registered and selling drugs and poisons.

Judgment \$50.00 and costs. Paid.

The secretary of the board continues to keep a list of clerks wishing situations also proprietors wishing clerks and has obtained situations during the past year for 21 clerks.

Will send list at any time to any one making application.

Since the passage of the law 1,405 persons have been registered, 176 as licentiates, 86 as graduates, 883 registered, 63 minor, 192 assistants. Proportion of

failures on first examination, 25 per cent. The examinations are conducted the same as in the past three years being both oral and written. The grade of same being raised each year. Thirty questions are usually given, followed by thirty samples of drugs and chemicals, then an oral examination. Fifty per cent is required on each branch and seventy on general average. The Pharmacy law has now been in force over three years, and seems to meet the approbation of both druggists and public generally. Its effects have been beneficial throughout the state, elevating our calling to the dignity of a profession and removing the sale of drugs and poisons from incompetent persons and requiring more care on the part of those dispensing same. The receipts and expenses of the board for the past year have been as follows:

Total receipts, \$250.00  
Total expenses, \$150.00  
Cash on hand, \$100.00  
An inventory of property on hand, \$150.00

The secretary then gives a list of the registered pharmacist in the state; minor holding certificates, and assistant pharmacists, with the residence of each. The business is still in progress as the reporter left.

## TOBACCO.

Markets Here and Elsewhere.

How the Growing Crop is Standing Its Trials.

JANESVILLE.

The past week has been just about on a level with those preceding it, for though it lacks in windstorms it filled up the vacancy with beating rain. Some fields were rather badly washed down, but have since recovered and now give promise of a first class crop. In outlying counties a great deal of damage has been done by the hail, but in Rock and Dane counties the plants have been spared to a large extent. Topping is fairly in progress now and two fields are reported already harvested, one belonging to B. Spence, the other to O. L. McFarrest.

Cured leaf is still very quiet. Most of the '84 crop is now cooling off from the sweat, and promises to exceed the most sanguine hopes of the packers.

NEW YORK.

Manufacturers want glossy stock, something to take the place of Sumatra. There is quite an abundance of such in the market; in nearly all crops such as to be found, but there is no guarantee that with the appearance of cold weather, the gloss will not disappear; dark foggers not being any longer in great demand, a naturally swart leaf is desired. In consequence most wait with their purchases till the new tobaccos have settled in color and "juste."

The business in binders though goes merrily on. Dealers grow at this time a little money in said stock, and most of them are making money in the "good old times" on "good old wrappers" they naturally treat the small profits on binders and fillers with unforgotten content.

SALES.—Market active. Sales 25 bales at \$1.15 to \$1.10.

Havana.—Market active. Sales 10 bales at 50 cents to \$1.20.—United States Tobacco Journal.

BALTIMORE.

There has been more activity in the market than in the last two or three weeks.

The stand of the present crop was never better than at present. Owing to the warm weather with frequent rains, it has given it an opportunity to ripen rapidly and the fields generally, and the reports that reach us, are very uniform. Much of the crop is now in top, being well forward for the season. The prospects at present are extremely flattering.

PENNSYLVANIA.

A moderate amount of business was done on our local market during the past week. There were a number of buyers here, but 400 cases was the entire amount of the sales so far as we can learn them, which falls one half of the 1884 crop. Perhaps more business was not done on account of the greater firmness of holders, who, at the present outlook and influenced especially by the crops of the past week, have become more cautious.

The question of repairing the rostrums in all the buildings was discussed, and finally deferred until later in the season.
